DreamStation

CPAP

DreamStation helps support long-term patient use while creating **new efficiencies for your business.**

Connectivity options offer more monitoring choices than any leading CPAP brand with integrated Bluetooth® on every device, and offering optional Wi-Fi and cellular modems.*

Performance Check simplifies in-home device evaluation and can help reduce the number of normally functioning devices that are returned for service.

Daily Progress Feedback displays a simple trend of patients' nightly use to help track progress on the path to adherence.

DreamStation features

- Mask type resistance control
- Mask fit check
- Oximetry capable
- Encore patient management system with optional Adherence Profiler
- DreamMapper patient self-management system compatibility

Humidification

- Fixed, adaptive, heated tube
- Pre-heat humidifier option
- Modular design with one-piece, dishwasher-safe water chamber

Protection programs

- Flex Promise program
- Bi-level Rescue program
- "One-Touch" warranty programs

CPAP features

- C-Flex
- SmartRamp
- Basic AHI/Leak reporting
- Standard integrated Bluetooth

*Internal assessment of 2015 competitive CPAP data comparing to ResMed Aircurve10/Aircurve10 platform and Fisher & Paykel Icon series platform.
